

SUS304 Inner Tank Household Ultrasonic Cleaner One Button Start Touch Control

Our Product Introduction

Basic Information

- Place of Origin: Guangdong China
- Brand Name: Sky men
- Certification: CE, RoHS, FCC, ISO9001, PSE, SGS
- Model Number: JP-920
- Minimum Order Quantity: 50
- Price: Negotiation
- Packaging Details: Color box size 262.6×147.4×100mm Carton size 539.7×457.2×214.5mm Packing 12PCS/carton
- Delivery Time: In Stock
- Payment Terms: T/T
- Supply Ability: 5000000pcs/month

Product Specification

- Ultrasonic Power: 18W
- Tank Size: 167*88.7*47mm
- Frequency: 45KHz
- Power Supply: 100-240V 50/60Hz
- Timer: 3min
- Capacity: 650ml
- Voltage (V): 12V
- Material: ABS + Stainless Steel SUS304
- Highlight: **small ultrasonic cleaner, ultrasonic vegetable cleaner**

Product Description

New launch delicate ultrasonic cleaner one button start touch control for jewelry glasses

Ultrasonic cleaning is a method based on high-frequency sound waves which when traveling into a solution, create oscillating high and low pressure and consequently, cause the rapid formation and imploding bubbles radiate tremendous amounts of ultrasonic energy and shock waves that penetrate into minute crevices to take off dirt or contaminants in a highly effective way.

Specification:

Model:JP-920	
Tank capacity:500ml	Tank size:167×88.7×47 mm
Ultrasonic power:18W	Unit size:191×110.5×78 mm
Frequency:45KHz	Color box size:262.6×147.4×100mm
Timer:3mins auto cutoff	Carton size:539.7×457.2×214.5mm
N.W.:0.5kg	Packing:12PCS/carton
G.W.:0.9kg	Color: grey

Ultrasonic cleaner applications:

Jewelry industry, medical industry, electronic factory, molding factory, car workshop, diesel workshop, car industry, scientific laboratory, university, dental clinics, eyeglass shop, hardware tools shop, printing industry.

Features:

- * One button start, automatic operation, automatically powered off and protected after 3 minutes cleaning, touch control
- * SUS304 inner tank, integrated structure design, waterproof and antibacterial
- * Delicate appearance
- * 45KHz high-frequency cleaning with less noise
- * 12V input voltage more safer, more energy efficient and more reliable

SKYMEN 3rd household Ultrasonic Cleaner

SKYMEN Ultrasonic Cleaner is an emerging consumer hardware product, which is targeted at people wearing glasses, jewelry, etc., It adopts the 3rd generation ultrasonic technology, more safer and more efficient.

How dirty your glasses & jewelry is?

How dirty your glasses & jewelry is:

Glasses and jewelry has close contact with your skin , Dirty objects attached can injure the skin and cause skin problems such as acne etc, The ordinary cleaning method is difficult to clean the corner and gaps of glasses and jewelry, So the dirty objects will accumulate over time.....

Difficult to clean the corner

Dirty objects attached

The third-generation ultrasonic cleaning method

Get rid of your cleaning troubles

Cavitation bubble explosion cleaning without dead corner

Completely removes dirt without damage

Renew your jewelry with cleaning agent.

SKYMEN 3rd household Ultrasonic Cleaner

Compact and elegant design, equipped with the third-generation ultrasonic technology, Completely clean the hygienic dead corners of the items, keep you away from the troubles of dirt, Bring you a cleaner and healthier life experience.

One-button start, automatic operation

Waterproof design switch button, Automatically powered off and protected after 3 minutes cleaning, easy and convenient operation

Anodized stainless steel tank

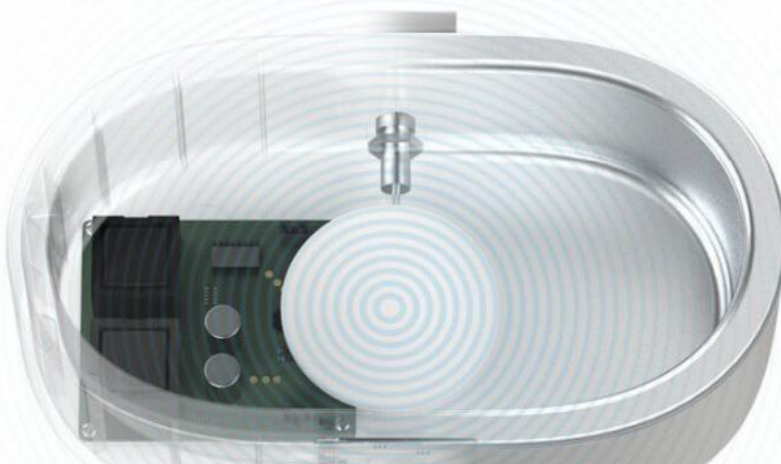

SUS304 stainless steel inner tank is used to effectively prevent corrosion of liquids such as detergents; The surface of the tank is electrolytically treated, It is as clean as new after cleaning and easy to maintain.

* 304 stainless steel is a common and excellent material in the industry. 800 °C high temperature resistance, Good processing performance and high toughness. It is widely used in industry and furniture decoration industry and food and medical industry.

High-frequency cleaning with less noise

The 3rd generation of ultrasonic technology, the frequency is up to 45000Hz, At the same time as efficient operation, the noise is reduced by 50% compared to the previous generation. The operating sound is lower than 50dB.

Integrated structure design

Waterproof and antibacterial

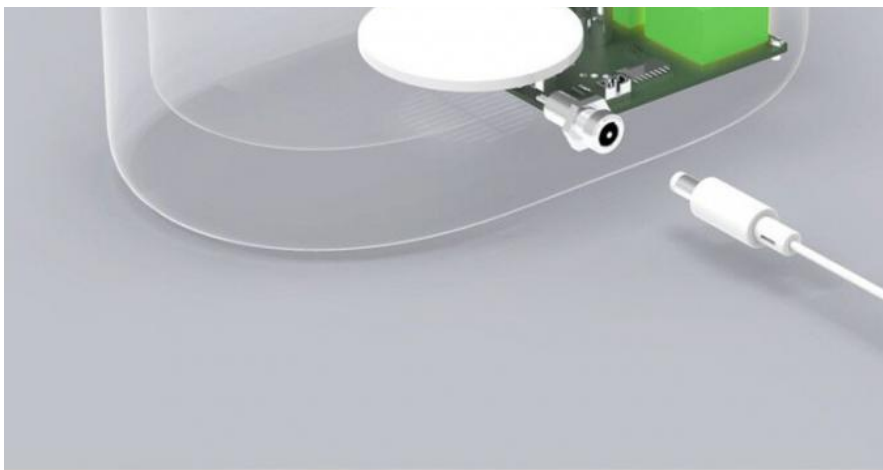

The machine is made of ABS environmentally friendly material with stronger stability, and the surface is painted with hand paint. Waterproof and antibacterial, skin-friendly texture

Safety low voltage

Compared to most cleaning machine, 12V input voltage more safer, more energy efficient and more reliable

Cleaning expert in your daily life

SKYMEN Ultrasonic CleanerCan clean most stuff in your daily life. Especially suitable for some products with complicated structure and porous gap such as glasses, watches, pen tips, dentures, etc. Cleaning experts in your daily life

List of Applications

Glasses

Watch

Jewelry

Pen

Dentures

Pacifier

Tableware

Shaver

Comb

Nail clippings

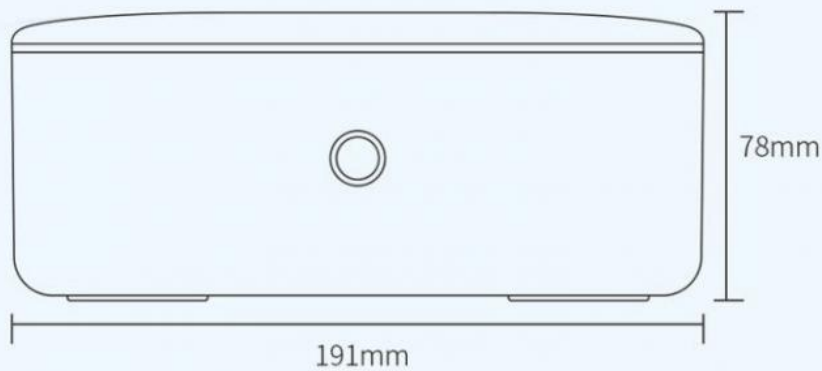

Cosmetic brush

Whistle

Parameters

FAQ:

1,Warranty:

One year warranty, free repair and replacement within one year; free technical guidance.Only charge for repair materials for more than one year.

2,Certifications:

- ISO 9001-2015, ISO 13485
- CE, EMC, LVD, MD, FCC, REACH, PAHs, SCCP, ETL, PSE, C-Tick

3,After sales

Our machines undergo an extensive and strict testing and quality control procedure, ensuring every item purchased meet global quality standards.
